

The LCMS Foundation's Lifetime Plan for Giving™ Training Session

This training session is for church leaders looking to create an ongoing, long-term service to stewards and funding source for their ministry (thinking beyond the offering plate or periodic capital campaigns).

Specifically, it will equip your leaders to identify and work with members of your congregation to include gift plans within their wills, estates and financial plans. Gift plans allow members to make significant charitable gifts to their favorite LCMS ministries during life and after they're called home to heaven.

How many contributors are including your ministry in their will, estate and financial plans?

We'll discuss what stops people from including a gift in their financial and estate plans, how to help donors see they have more assets to direct than they realize...and that they don't have to be wealthy to leave a gift that will have a lasting impact on the Lutheran ministries they cherish. We'll also review basic tax strategies and charitable options that make it possible for stewards to leave a gift to ministry, without sacrificing their ability to provide for their family and loved ones.
